# Goodnight, Campsite: (A Children's Book On Camping Featuring RVs, Travel Trailers, Fifth-Wheels, Pop-UPs And Other Camper Options.)

## Synopsis

Children love books, almost as much as they love camping! "Goodnight, Campsite" is the perfect place for young readers to start a great outdoor adventure and discover camping options along the way – options from tents to various recreational vehicles (RVs). Perfect gift for RVers, especially those looking for a camper book, rving book, or travel trailer book for their children and grandchildren! "Goodnight, Campsite" is set in a beautiful nature park, and the story follows visitors as they explore the park during the day (hiking, biking, fishing, etc.), and then returns with them to their campsite at night. There is an emphasis on RVs (travel trailers, pop-ups, class a, class b, class c, fifth-wheels) which sets this title apart from other camping books on the market, which only feature tents. Preschool-aged children will love the beautiful and colorful pictures and searching for the squirrel hiding in the pictures. Rhyming text will keep children engaged, as they build sound associations and phonemic skills. Also included in the book is a Campsite Bingo game! Visit [www.goodnightcampsite.com](http://www.goodnightcampsite.com) for more information and free printable camping activities.

## Customer Reviews

" "Goodnight, Campsite" by Loretta Sponsler is a fun, fast read that is sure to delight! Really interesting, and draws you in right away. I love the idea of a riding along in an RV's and experiencing the campsites that way, and all the fun adventures to be had, from biking, fishing, cooking, etc... and the animals and other characters they meet are so fun too! We enjoyed the drawings and illustrations and it's excellently edited with perfect pacing and text-to-picture ratio, especially for younger readers! I think the author is onto something special here and it would

be fun to read more in this niche- the possibilities seem endless! An entertaining and informative picture book that we'll be sure to read again and again." - AprilDawn of Indie Book Reviewers

Fresh air, campfires, and starry skies make for happy summers and childhood memories. *Goodnight, Campsite* brings to life all the fun that's tucked away in campgrounds all across the land. Adventures waiting to be explored for young and old alike. It seems the air is alive, and breathing is a little easier. Smells and sounds mingle as they waft overhead from campsite to campsite. Yet, as I would sit and take in my surroundings, as I listened in the night, there was always one common sound that rose in every campsite: laughter. *Goodnight, Campsite* stirs the mind and brings hopes of excitement alive.

Happy Camping - Story Monster Ink - Book Review by: Darleen Wohlfeil

"This was the first book I've read from Loretta Sponsler, but I hope it won't be the last-- We loved it! My children and I really enjoyed Ms. Sponsler's storytelling abilities and the style of writing she uses--the fun and distinctive 'voice' that is so lively and children can easily relate to and makes reading about various adventures while camping so exciting and what makes RV's so fun and special. It is so clear and easy to read, but each sentence and page packs so much energy and imagery that you really get a bang for your buck. Wonderful drawings and a positive message of outdoors and nature. Recommend for ages 3-8. I hope there will be more soon!" - MarcellaGonz of Indie Book Reviewers

"Loretta Sponsler has her own unique voice and writing style that makes this book feel fresh and exciting, and not like something my kids (and I) have read a million times before. I definitely enjoyed the strong world-building, descriptions, and creativity here in "Goodnight, Campsite". We actually feel like we are there in the parks camping and participating in all the outdoors activities and seeing the various sights. The story flows from scene to scene effortlessly, and the author shows exceptional ability when it comes to storytelling. Ms. Sponsler has the ability to entice even reluctant readers into this adventurous and intriguing world with such fun characters to go through these adventures with, and we hope to read more soon!" - LaylaM1 of Indie Book Reviewers

"*Goodnight, Campsite*" by Loretta Sponsler is such a cute story! And the illustrations really help the book to come alive--They really are terrific (liked how they were done in a few different styles, too). This book is probably suited more for the 5 and up crowd, but the text is simple and clear enough (and matches the pictures so well) that the youngers will have no trouble following along. But they will enjoy having the story read to them, and the pictures are really charming, and it's great for them to learn about the joys of camping and some things it has to offer! Don't miss this gem! It is a sure winner with the kiddos... a fun, adventuresome tale that gets them excited about camping and nature activities!" Â - SDecker of Indie Book Reviewers

My family and I have traveled all over the United States, camping along the way. Â Over the years, our camping experience changed from a tent to an RV. Â I looked high and low for camping books to take along on our family&apos;s adventures. Â While general camping books abounded, specific books featuring RVs were nowhere to be found. Â SoÂ I decided thatÂ I&apos;d write one - one my boys would love! Â I hope your family will enjoy the book, as well! Â See you on the trails! Â Loretta

This Christmas, we were camping near San Francisco and there was a cute couple with three adorable boys parked next to us. This book was advertised on a bumper sticker on the back of their RV. I ordered the book from the car on our way home. I wished I would have noticed the sticker earlier as I think it might have been the author and her family! Was I right? If so, your boys were so well behaved and our boys had a blast playing and shooting Nerf guns with them! This book is so cute! It describes the many different groups of campers one might see. The pictures are fun and colorful. My youngest read this for his first reading log after winter break.

Do you like to go camping? Do you use a tent or sleep under the stars?The author, Loretta Sponsler, has written such a fun book about camping. The highlight of this camping trip is Big Meadow Campground. Everyone wants to come to this lovely place to camp. Familieswith children come to camp, grandparents come to camp in their new big travel trailer, married men have a guy's weekend and come to ride bikes and camp. Hikers come, those who have been hiking fir a lovely big time, they make camp. Eat a lot and go right to sleep. Boy Scouts come to camp. They help maintain the trails and work hard. They have franks and grabs for dinner. When you read this book you will discover who comes to the campground, what they do, and what they eat"The author has written a book that all children will like, and their parents will have fun reading this book. The illustrations by Olga Shevchenko, are bright, colorful and so well done. They give the reader a perfect picture of camping life. Every child reading this book will have questions about camping, and all the activities and the yummy food to eat. A perfectly fun time.Recommended. prisrob 03-22-17

I ordered 4 copies of this cute book to give as Christmas gifts to my friends' kids; however, when my family saw the book this past weekend they loved it so much I ended up giving them all of the copies I had. So, I will definitely be purchasing more copies now! This book's fun rhyming text and colorful illustrations do a wonderful job of capturing the varied experiences, adventures, and beauty of camping. My family, kids and adults alike, love this book and can't wait to play Campsite Bingo

(found at the end of the book) on our next camping trip. This book will have a special place in our camper!

I am looking forward to reading this with my grandsons. I liked the variety of campers and equipment shown. Fun read!

I liked the premise to this book, especially for children who like camping or adventure or who are going camping for the first time. However, I found some of the prose layout and artwork to be awkward to read/view. However this story did come with a Campsite BINGO game that I feel is an excellent learning/observation tool for kids and parents alike. I would give this story 3.5 stars if available.

Very charming, well written and beautifully illustrated. Only thing is, my nieces who loved it expect me to buy an RV now! Highly recommend for your kids!

...Everyone wants a camping space." Count me in! Well-rhymed, well-illustrated and loved the topic matter. Hope there is a follow-up as I did enjoy and I do recommend!

Bought these for my nieces and nephews. I like that camping is introduced as a lifetime sport for all ages and includes both sexes. Boys and girls get to fish and hike and play outdoors when it's fun to be grubby and no mention of having to be big and tough or beautiful. Also love the little squirrel who pops up in each scene, and the campsite bingo...inventive.
