USA TODAY® has been in circulation since September 15, 1982, and has a daily readership of nearly 6 million in print and online. Online: puzzles.usatoday.com

I like these puzzles because they are written with clever clues! But not so far fetched that you can't get the answer. They do have some answers that require very specific knowledge that most people wouldn't know. That always bugs me! I like the fact that the puzzles have a theme which I find fun to figure out how the answers fit into. Basically a good medium level book! The print quality is good - could be darker though. Paper quality is OK, certainly not top grade paper but good enough.

Good puzzles for a mid level enthusiast.

Loved it! Bought it before, and the second volume, and the third! Did all three of them. Could not find anything similar to them so I bought the first one again and doing them all over - not cheating with the first, of course!

I soo hate that I didn't read the reviews first. I had no idea it would be such a small format 5X7" The price was way too high (plus shipping) for this small book which is hard to write in.

Lots of crosswords for the money, which is good. They are a little bit more difficult than I expected, so not one for casual crossword-ers.

I some of the puzzles I can finish, and others I can barely get started on. Decent deal for the price.

I need to get a new one! Almost done with this. I love crosswords and this is a good one. I'm not bright enough for the N.Y. Times crosswords and the easy ones are boring, so this is right up my alley!!!

It's a book of moderate difficulty crossword puzzles. Answers are in the back. Each puzzle had one or two words I didn't know but I'm not even 30 years old so I'd say I'm doing very well. Don't leave your pencil in it like a bookmark when your friends are around. They might just "accidentally" finish your puzzle for you. :)
