The Little Red Hen (Little Golden Book)

Synopsis

Beloved illustrator J. P. Miller's graphic, colorful farm animals seem to jump right off the page—but they aren't jumping to help the Little Red Hen plant her wheat! Young children will learn a valuable lesson about teamwork from this funny, favorite folktale.

Beloved illustrator J. P. Miller's graphic, colorful farm animals seem to jump right off the page—but they aren't jumping to help the Little Red Hen plant her wheat! Young children will learn a valuable lesson about teamwork from this funny, favorite folktale. --This text refers to an out of print or unavailable edition of this title.

J.P. MILLER (1913-2001) illustrated many Golden Book titles from the 1940s through the 1970s, some written by Margaret Wise Brown and Edith Kunhardt. Before becoming a children's book illustrator, Miller had worked in the Walt Disney Studio's elite Character Modeling Department, creating characters (such as the dwarf Dopey) for Disney's first feature film, *Snow White*. He later designed the character of the toy maker Geppetto for *Pinocchio*.

This classic story teaches an important lesson that every child should learn early on: those who do the work, reap the rewards. This was a frequent bedtime read when my kids were little, but somehow the book was misplaced as they grew up. I decided my lazy teens needed a refresher about the willingness to pitch in and help around the house, so I presented this new copy to them as a fun little joke. The book itself is just as I remember it from their youth. Love the little "bookplate" printed on the inside front cover ("This Little Golden Book belongs to..."). I even recall scrawling my own name in many Little Golden Books.

The sweet classic of a hen who takes care of her children no matter that she gets no help from others. But when the others want a handout, the answer is no. Maybe our government should take a look at this book. There is lots to learn from it.

Remembering how I loved this book as a child, I purchased immediately for my friend's little boy. A wonderful story for children, teaching them the importance of working for what you want, the message is clear and presented on a level children will understand and appreciate. If you don't do what is needed, then you cannot reap the reward. The illustrations are lovely, and after I read it to him, I turned on the TV for his favorite show, and low and behold, Super Y on Sprout was doing this very story! Proves the classics never go out of style!

Little Golden Books bring great stories to children of every generation. I ordered this book as a baby shower gift but I remember reading this to my son and every week when we went to the grocery store we bought a new Little Golden Book to read at bed time. I really love these books, all of them are great!

This is not the original. Where are her little chicks? Disappointed. Need to find a different one. Busy picture pages.

Classic story from childhood, but I bought this to show to a women's group in which few people were stepping forward to volunteer and help. Everyone wants to "eat" but no one wants to help with all the prep! Point made, the prosecution rests!!!

This ebook of the old golden book I grew up with almost 60 years ago was a treat to be able to share with my young grandchildren. My only complaint is that they set it so that there were

2 pages per kindle page instead of one to one. It made the pictures smaller and the print a little harder to read.

The binding of the book was not of high quality. This story deserves the highest quality binding because it is such an important story for young children.
