A nice photo book to look at the pictures of Liberia now in contrast to what it was in the seventies; highly recommended!Hans Frankfort

Keeping in mind that this book was written for the youth market it still makes a valuable book for learning about this African country. Understandably, the book gives only the briefest description of the issues involved in the recent civil war but I accept that as I feel that this should be dealt with as a separate book. I didn't care much for the actual layout of the book, which I felt was trying to emulate internet style. A book should be a book.
